Image Size: The longest side must be no more than 1920 pixels with a maximum file size of no more than 750 KB.

File Naming: Naming has 5 parts separated by comas, and ends with .jpg (Example – 01,SE000,DP,Beautiful_Sunset.jpg). Be sure to sequentially number each image in the category you are submitting. That is 01, 02 for DP and 01, 02 for DB.

Here's a breakdown of the example naming system:

1. 01, 02, This is used to sequentially number the images being submitted in each category.
2. SE000, This is your assigned member ID number given to you when you joined the club.
3. DP, This designates the image category (DP = Digital Color), (DB = Digital Black & White)
4. Beautiful_Sunset - This is the entrant's title for the image. If several words are used in the title they must be separated by an underscore_.
5. .jpg - This is the file extension indicating the correct format of the file. If the image is in another file format (such as TIF, PNG, DNG, PSD, etc.) you will need to change it in your editing program.
